Management, Utah.

**ACTION:** This notice is intended to  
inform the public that the Bureau of  
Land Management intends to consider a  
proposed amendment to the San Rafael  
Resource Management Plan. This  
proposed amendment will consider the  
voluntary relinquishment and  
retirement of Animal Unit Months  
(AUMs) associated with the Horseshoe  
South grazing allotment.

**SUPPLEMENTARY INFORMATION:** The  
Bureau of Land Management (in  
coordination with the permittee on the  
Horseshoe Allotment and a land use  
conservation group) is proposing to  
relinquish and permanently retire the  
existing allotment AUMs for the long  
term benefit of watershed and wildlife  
resources. Preliminary issues/impacts  
that have been identified to be  
addressed include the following: (1)  
Economic impacts as a result of the loss  
for AUMs for the purpose of grazing; (2)  
impact to watershed values as a result  
of the elimination of permanent grazing;  
and (3) impacts to wildlife and  
associated habitat resulting from the re-  
allocation of AUMs from livestock to  
wildlife.

Public participation is being sought at  
this time to ensure that the proposed  
amendment and associated  
environmental analysis considers all  
reasonable issues, alternatives, problems  
and concerns relative to the proposed  
action.
